Dear Jhakil,

Thank you for helping
the homeless, without you,

I don't know what is going
to happen, you a super leader.
I am inspired me to be a great
leader like you!

Sincerely, Angela

Dear Friend, May god bless you, and
make it a great day. From, Elliott

Peace be with you!

Dear, Jahkil Jackson

I really appreciate everything you
do for the homeless and taking time out
of your day and make blessing bags for
the homeless. ALSO Thank You
for inspiring people to help and be nice to
the homeless. Our class was learning
all about you and I thought it was
super cool that you raised money for
homeless people and we read some of your
book I really liked it.

Thank You,

Lilly

Thank you for helping

MESSAGE FROM FOUNDER

Jahkil Jackson

Hey everyone, it's Jahkil here. I have the pleasure of being the Founder of Project I AM. As an 8-year old kid, now 16, I had a vision that became a reality! I could have never imagined Project I Am growing to its current magnitude. Riding down the Chicago streets with my aunt, I recognized people living outdoors, a new experience that immediately granted me empathy. In action mode, I asked my parents if we could buy them all houses. Unfortunately, that wasn't feasible and led us to start Project I Am, a temporary support for a worldwide problem!

Welcome to our world! The past eight years have been incredible! We've connected thousands of youth volunteer leaders, their families, and organizations to further our mission worldwide, creating blessing bags for the unhoused community. We're grateful to have raised funding and clocked thousands of volunteer hours, making a life-changing impact and bringing awareness to an ongoing issue.

Big thanks to organizations, schools, and companies for their invaluable contributions in time, money, and in-kind donations. Their support has been instrumental in helping us reach our financial goals, enabling us to persist in addressing societal challenges. Our main aim is to provide long-term solutions, like the concept of tiny homes, and we're dedicated to achieving this goal through collaborative efforts with our partners who continue to support us.

Ushering out the Jordan '23 and welcoming the Kobe Year '24 is so exciting as we reflect on Project I Am's growth and potential. As you read through our Impact Report, you will see a timeline of our progress and testimonials from friends of Project I Am (community partners), including Jesse Brown VA Medical Center, Shower Up, and Imani Development Corporation. I am proud to serve and lead all of my partners, volunteers, and the community, by continuing to build awareness.

I look forward to the future,

Jahkil Jackson

MESSAGE FROM DIRECTOR

Phyllis "GG" Smith

Contributing towards a greater purpose that's bigger than me is the reason I wake up every day. Witnessing my grandson, Jahkil Jackson, grow into a dedicated leader and youth activist alongside our Project I Am team is priceless. The compassion and determination our organization has towards the community of Chicago and worldwide are the driving forces behind our impactful accomplishments. The unhoused community is underrepresented and in need of more support. We are grateful to provide the essential items such as toiletries, coats, cold weather accessories, and food that they need.

As a part of the Project I Am leadership team, I have recognized how giving back and making a positive contribution to the community is of extreme interest to current generations compared to previous decades. Therefore, we are committed to consistently providing a platform for our youth volunteer leaders to further their community outreach and impact, helping make the world a better place while building their leadership skills for success in the future. This experience builds empathy and shows them the power of caring for others during difficult moments.

The positive impact we've accomplished throughout Project I Am's lifetime would not have been possible without the hard work and dedication of our volunteers, along with the support of our community, organizational partners, and sponsors. In this Impact Report, you will witness the results we've achieved as a community and what Project I Am has in store to continue improving and making a larger difference in unhoused communities, through future collaborations with schools in Chicago, IL, Atlanta, GA, Baltimore, MD, Normal, IL, and across the world.

The feedback from our volunteers has highlighted the impact that volunteerism and community service has on building youth community leaders. Their experiences with Project I Am have truly made a difference and mean the world to our organization. Here are a few testimonials: "It only takes one person to start a movement," "Through leadership and collaboration, our generation can make a huge difference in the world," and "The power of community is making a large impact on social change."

The best is yet to come,

Phyllis Smith (GG)

Who is **PROJECT I AM?**

OUR MISSION

Project I Am creates awareness and provides temporary support and long-term solutions for the unhoused.

OUR VISION

To inspire a generation of servant leaders, community builders, and social entrepreneurs.

OUR PURPOSE

Project I Am is a leading service organization that celebrates and cultivates Youth Change Agents to create global impact.

OUR WHY

Everyone deserves a safe and reliable place to call home. It's a matter of security, stability, well-being and basic dignity. Yet many people live each day without safe or stable housing. Some are in emergency shelters while others live on the streets, exposed to the threats of violence, adverse weather, disease and so many other dangers exacerbated by homelessness.

*The U.S. Department of Housing & Urban Development

On a single night in 2022, roughly 582,500 people were experiencing homelessness in the United States alone.

PROJECT I AM PROGRAMS

Project I Am: Next Up aims to assist hundreds of youths nationwide with becoming change-makers, starting with volunteerism. The goal is to help youth see their potential, expose them to new opportunities and ultimately

help shape productive society members as they enter adulthood.

This project is designed as an expansion initiative for Project I Am to become a national organization, implementing Afterschool Community Service Clubs. Thanks to the support of Riley's Way Foundation and DTLR, three schools in Atlanta, GA, Baltimore, MD and Normal, IL, had launched Project I Am: Next Up by the end of 2023.

7-YEAR ANNIVERSARY

Project I Am celebrates 100,000 people being impacted for the 7 year anniversary blessing bag stuffing event. Project I Am partnered with the Chicago White Sox Ace program.

GIVING TUESDAY

Giving Tuesday is known as a global generosity movement unleashing the power of people and organizations to transform their communities and the world. Project I Am introduced Virtual Packing Parties in 2020 when the world was in COVID quarantine with 50 volunteers creating 500 blessing bags simultaneously via Zoom.

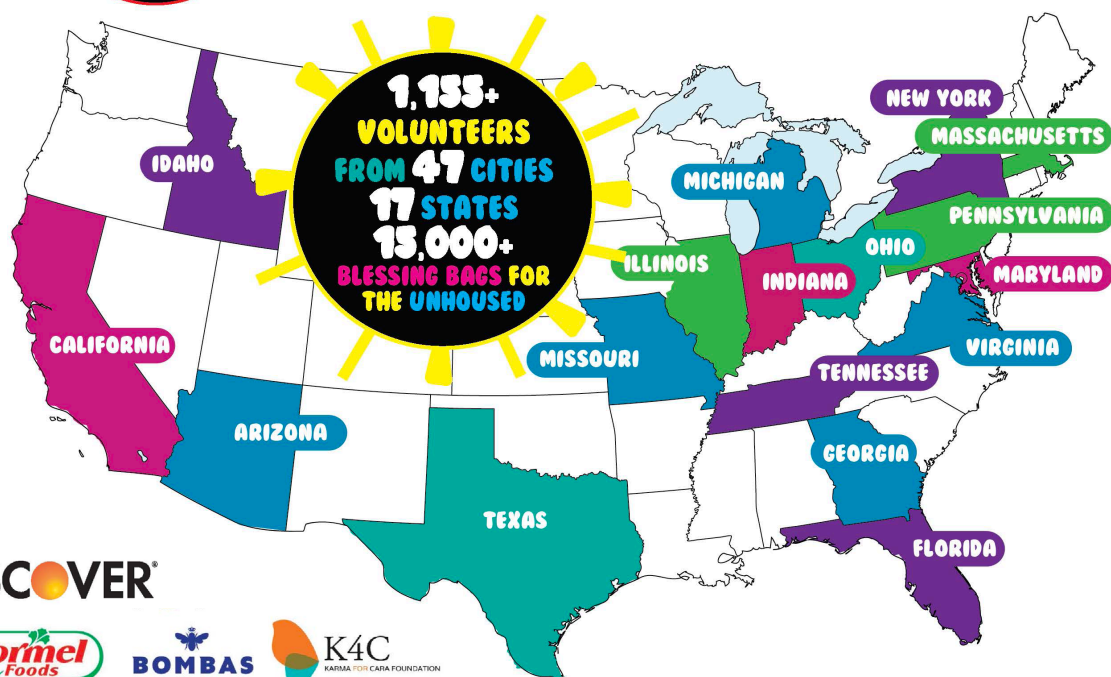

2023 saw the largest growth and engagement so far, with over 1,150 volunteers from nearly 50 cities creating 15,000 blessing bags for Giving Tuesday. To date, Project I Am's Giving Tuesday initiative has worked with over 2,250 youth volunteers from over 75 cities, creating a total of 37,500 blessing bags for the unhoused in their cities..
